

HOME OFFICE

Costs for the period 1/4/17 – 31/3/18

If part of your home is set aside principally for use as an office, workshop or storage area which is used by you in relation to your business, you **may** be able to claim a proportion of your home expenses against your income.

Note: If you are still in the same property as last year you don't need to supply the area measurements again, unless you have changed the amount of space used.
